

Thank you for helping us spread the word!

As a grassroots effort, we rely on our Partners to help get the word out about the Festival.

Below are ways you can help promote the Festival:

1) Place the “Official Partner of the USA Science & Engineering Festival” logo below in a prominent spot on your website and link it to www.usasciencefestival.org. Just right click on the logo below and select "save as" to download it to your computer.

Here is some text you can

use alongside the logo:

[your organization name] is proud to be an Official Partner of the 4th USA Science & Engineering Festival, to be held April 16-17, 2016 in Washington, D.C.

What is the universe made of? Why did dinosaurs go extinct? What do magic tricks and hip-hop have to do with math? What will be the next medical breakthrough? What does baseball have to do with physics? Find out at the 4th USA Science & Engineering Festival Expo where more than 350,000 K-12 students and parents, over 5,000 teachers and over 3,000 STEM professionals will experience the largest celebration of STEM!

Participants include more than 1,000 of the world's leading professional scientific and engineering societies, universities, government agencies, high tech corporations and STEM outreach and community organizations.

The two-day Expo is perfect for teens, children and their families, and anyone with a curious mind who is looking for a weekend of fun and discovery. Meet science celebrities like Grammy Award-winning alternative music band "They Might Be Giants!" and Bill Nye the Science Guy!

On Thursday April 14, 2016 middle and high school students will have a chance to view presentations from the most inspiring STEM professionals at the 3rd X-STEM Extreme Symposium!

And Sneak Peek Friday, open to schools, homeschoolers and military families, returns on Friday April 15, 2016!

For more information, visit www.usasciencefestival.org

2) List the 4th USA Science & Engineering Festival Expo in your online events calendar

Here is some text you can use and an image to place alongside the text (right click to download):

Don't miss the largest celebration of STEM in the US!

USA Science & Engineering Festival Expo at the Walter E. Washington Convention Center, Washington D.C.

April 16-17, 2016

What is the universe made of? Why did dinosaurs go extinct? What do magic tricks and hip-hop have to do with math? What will be the next medical breakthrough? What do fossils and rocks tell us about the Earth's secrets? What does baseball have to do with physics? Find out at the 4th USA Science & Engineering Festival Expo! Explore 3,000 hands on exhibits from the World's leading professional scientific and engineering societies, universities, government agencies, high tech corporations and STEM outreach and community organizations.

The two-day Expo is perfect for teens, children and their families, and anyone with a curious mind who is looking for a weekend of fun and discovery. More than 350K+ attendees will celebrate science at the Expo, and engage in activities with some of the biggest names in STEM, hear stories of inspiration and courage, and rock out to science during our incredible stage show performances.

The Expo is the pinnacle event of the 4th USA Science & Engineering Festival to be held in the greater Washington D.C. area in April 2016. The Festival is a collaboration of over 1,000 of the nation's leading science and engineering organizations. For more information on all Festival events and how you can get involved, visit www.usasciencefestival.org

3) Tout your participation in the Festival via Social Media!

TWITTER:

If you use Twitter: please tweet about your participation in the Festival.

Tweet suggestions:

*Note use #Scifest hashtag when space allows

We are proud to support the largest celebration of #STEM in the country! April 16-17 in Washington DC @USAScienceFest! <http://ow.ly/m30ZD>

Don't miss America's largest STEM celebration @USAScienceFest in Washington, DC April 16-17th! <http://ow.ly/m30ZD> #Scifest

Join us in DC April 16-17th at the @USAScienceFest! See our ...Exhibit

If the organization has an X-STEM featured speaker:

Explore the outer limits of STEM at the #XSTEM Symposium April 14th <http://ow.ly/nqNo8> with "insert organization speaker"!
